

Black River Stadium

CARAVAN PARK FOR THE OLDER TRAVELLER

What you won't experience when you come to Black River is a bunch of noisy children frolicking in the swimming pool and running round terrorizing other Campers.

We cater especially for the Older Style Traveller who prefers Peace and Quiet with room to move and bring their Best Friend as well (so long as he does not Bark all night)

150 ACRES ON THE BANK OF BLACK RIVER

The Black is a coastal river starting in the mountains behind at Hervey Range and flows down to the sea. It is a clean sandy bottom with a small flow of crystal clear water most of the year with pools above stream all year round.

It provides a great bush walking experience as well as an ideal place to let your dog roam free. People say our toilets and showers are the best they have found we just keep them fresh and clean like we would expect to use ourselves.

The Stadium is at 770 Black River Road which is 7 kms along Black River Road which turns off the Bruce Hiway 21 kms on the North side of Townsville.

OWNERS BILL AND JOAN CONDON

Have lived at Black River since 1980 and own and operate the Stadium which holds 2 rodeos a year in April and August as well as the small Caravan park which is open all year round. The Park sites are 20 meters long with drive through so reversing is not an issue. The water is the best you will find and there is also a dump site as well shade areas too.
