

# Black River Weddings

JANUARY 2010

BLACK RIVER STADIUM

ISSUE ONE

Imagination is all it takes to put together your special occasion at Black River Stadium.

## Weddings are easy at Black River Stadium

### An excitingly different location to hold your reception.

We are all set up for Group Functions here at Black River: Kitchen, Bar, Covered Areas, Toilets, Showers Caravan Park for overnight camping, all you need to do is decide the Theme, Food Drinks, as everything else is already here.

**Come on out and take a look around and let your imagination take over.** With 300 m2 of Covered Area that takes care of weather protection. Kitchen

able to serve 1000s at big events here. Bar with huge cold rooms attached that takes care of the drinks. Purpose built band stage all ready to house your favorite music set up. As well we already have the PA system in house if you want. Parking well thats no problem we have acres of

that. And accommodation in the Caravan Park makes it very economical for all the out of town guests to pitch a tent or just roll out the swag. There are great camping facilities in the camp kitchen. And city bus transfers are easy and cost effective if needed. Camp on site and have a Recovery Breakfast?

**If your game you can do it all yourself, send out an SOS calling all relatives and friends, delegate responsibilities.** The choice is

yours and depending how deep your pockets are you can make it as cheap or as expensive as your heart desires. There are a number of ways to theme your reception and a big choice of add ons to make the whole event more memorable. Perhaps some classic country tradition to your wedding with a magnificent gleaming white Landau Carriage drawn by a pair of 'Gentle Giant' Grey Carriage Horses with the Carriage Driver and Assistant dressed to

suit your wedding theme – country or formal. More information at

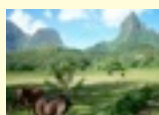

[www.oldworldcarriage.com.au](http://www.oldworldcarriage.com.au)

**Security is Paramount these days and Black River is a Locked Up Area.** Once you are inside gates are locked like at a normal event and no one can get into your function, just one more thing you don't have to worry about. So if you would like to take a peek over our fence before you plan you big day then were happy to show you around.

Group functions and entertainment is what we do best.
